This PowerPoint report explores the trends, challenges, disruptors and opportunities in the global commercial property/casualty insurance industry for 2017 and beyond. The presentation begins with an overview of the state of insurance, including top issues for the industry, and includes a look at industry financials with a detailed exploration of auto costs. Disruption is here, but the insurance industry is poised to lead despite the challenges it faces in technology and elsewhere.

Please click on the file name below to view the presentations. Once open, you can choose "file" from your menu and then save the PowerPoint presentation to your disk. The presentation also is available in Adobe Acrobat format. The Adobe Acrobat file is smaller and faster to download. However, you do need the appropriate software to view.

You can download Adobe Acrobat Reader, free of charge, from the Adobe website (https://www.adobe.com/products/acrobat/readstep.html).

Note: Printer fonts may vary by browser and version of Adobe Reader.
