This PowerPoint report by Lynne MChristian, Florida representative of the Insurance Information Institute, presented before the Florida House Insurance and Banking Sub-Committee, reviews the state of the Florida property insurance market. Sections include a review of property/casualty performance and historical impacts; profitability and growth analyses; an economic outlook and property exposure impacts analysis; and a catastrophe loss update. The last section focuses on Florida's historic role regarding hurricanes and tornadoes. The presentation concludes with a discussion of flood and surge?key issues in flood insurance.

Please click on the file name below to view the presentations. Once open, you can choose "file" from your menu and then save the PowerPoint presentation to your disk. The presentation also is available in Adobe Acrobat format. The Adobe Acrobat file is smaller and faster to download. However, you do need the appropriate software to view.

You can download Adobe Acrobat Reader, free of charge, from the Adobe website (<https://www.adobe.com/products/acrobat/readstep.html>).

Note: Printer fonts may vary by browser and version of Adobe Reader.
