This PowerPoint report, presented by Robert Hartwig, president of the Insurance Information Institute, at the Guy Carpenter Mutual Company Conference, discusses trends, challenges and opportunities in the property/casualty (P/C) insurance industry in 2014 and Beyond. Sections include: a P/C insurance industry financial overview; a growth analysis by state and business segment; a construction, manufacturing and energy sector outlook; a lengthy U.S. insured catastrophe loss update; a look at labor market trends; and a discussion of healthcare industry trends. Among other sections are a discussion of flood insurance and a terrorism update.

Please click on the file name below to view the presentations. Once open, you can choose "file" from your menu and then save the PowerPoint presentation to your disk. The presentation also is available in Adobe Acrobat format. The Adobe Acrobat file is smaller and faster to download. However, you do need the appropriate software to view.

You can download Adobe Acrobat Reader, free of charge, from the Adobe website (https://www.adobe.com/products/acrobat/readstep.html).

Note: Printer fonts may vary by browser and version of Adobe Reader.
